

Press release

# Humboldt University of Berlin entrusts Scheer with the implementation and operation of SAP S/4 HANA

**Scheer GmbH is supporting the elite University in the implementation of efficient business processes based on a new SAP S/4 system landscape – as a general contractor offering support from conception all the way up to reliable operation**

Saarbrücken, 26.02.2019

**With this project the renowned Humboldt University of Berlin intends to establish a unified resource management structure based on the digital core of SAP S/4 HANA. Digitized processes for general budgeting, invoicing, purchasing, personnel and buildings management will offer real time information for the intelligent support of the university's research, teaching and administrative departments. With the change to S/4 HANA the Humboldt University of Berlin will create a unique position for itself amongst German universities in respect of the degree of innovation and the scope of the planned solution.**

The University needs a capable partner for this undertaking to accompany it into the new world of SAP S/4 HANA in a process-oriented way during the entire project cycle – from conception and implementation all the way up to operation. Dr Ludwig Kronthaler, Vice President for budgeting, personnel and technology says: "I am very pleased that we can finally get going with this project with the support of Scheer, a highly competent partner with experience in the University sector,. The University needs the new system as the basis for the implementation of integrative processes and can't wait to have it!"

The expert universities team at Scheer accompanies many universities and research institutes in the process-based implementation of SAP systems. Among these are the elite universities RWTH Aachen University and the Free University of Berlin as well as all state run Institutes of Higher education in the State of Hamburg, which have all made the successful change to SAP ERP with the help of Scheer. Scheer is currently implementing SAP Student Lifecycle Management in all state run Institutes of Higher education in Saarland.

Prof. Dr. August-Wilhelm Scheer and Mario Baldi, CEO der Scheer GmbH, both affirm that „The Humboldt University of Berlin is an important strategic partner for us. We are very pleased to partner with the Humboldt University in this innovative project and, together with them, will do everything possible to achieve its ambitious aims.“

## About Scheer GmbH

As a consulting and software house Scheer GmbH supports companies with the development of new business models, with the optimization and implementation of efficient business processes as well as with the operation of their IT systems. The integrated architecture of the digital solution house comprises consulting solutions and products: it offers dependable solutions for the digitisation of business models and processes as well as for the implementation of new technologies in digital business.

Scheer GmbH is the flagship company of the Scheer Group which operates in various European countries as well as in the U.S.A., Saudi Arabia, Singapore and Australia. Customers benefit from high levels of sector expertise gained from diverse consulting projects, professional IT implementation and the possibility of having their applications or entire IT -architecture run and managed in the Scheer Group's own data centre.
